Forecast for Wednesday 02 Oct 2024

Weather: Cloudy early morning with patchy rain, this focused across northern areas of the Park. Turning dry with clouds lifting and breaking by around mid-morning. Thereafter the majority will stay dry with occasional bright and sunny spells developing, but the odd light shower may crop up during the afternoon.

Chance of cloud-free hill tops above 800m: Beginning in north 10-20% and in south 40% becoming for all from late morning 80-90%.

Low Cloud and visibility: Visibility good or very good becoming moderate or poor in early rain in any later showers, very poor within cloud with bases extensive from 450m at first, then infrequently lowering 600-800m from late morning.
